

THE OUTDOOR PRIDE ADVANTAGE

Together, We'll Clear Your Path to Success

At Outdoor Pride, we're not satisfied until our customers are satisfied. That's why we've built a team, a culture, and a process based on communication, reliability, and accountability—all dedicated to supporting your business all year long.

We Make Our Team an Extension of Your Team

Our goal: to make your job easier. We'll do everything to make sure your business shines, and we'll do more than just "maintain"—we'll "manage" your needs, so you can focus on your most important responsibilities.

Go ahead, get to know your crew—they'll be the same faces you'll see next year. We've created a strong internal culture with high retention and strong customer communication.

Our team is always growing, in numbers and knowledge. We constantly educate and train our team to make sure they're the best they can be, each and every day.

Committed to Delivering the Best Possible Results

You count on a partner to provide reliable communication, maintain attention to detail, and follow best practices. We do all three, so you don't have to worry.

- We utilize a careful auditing process to record everything—every light post, every curb, every flower bed, every inch of your property, everything. That way, we can keep your campus protected from damage, and keep ourselves accountable.
- Our equipment is the best in the industry, and we always keep evolving to make sure our tools are the best we can provide for our customers.
- We adhere to best practices for all of our services to ensure you get exactly what you need per your scope of work, without adding to your budget.

THE OUTDOOR PRIDE ADVANTAGE

Always Adapting & Evolving To Your Changing Needs

We're always looking for opportunities for cost savings for your business, without ever losing sight of industry best practices and sustainability.

Our expert estimating process is designed to support your long-term savings. We design our solutions based on years of experience to make sure you're getting everything you need today and in the years ahead.

We pay special attention to sustainability—including solutions like low-salt brine in the winter, and electric-powered tools all year long—to ensure your campus stays beautiful while saving time, money, and energy.

Recognized by Our Customers & By The Industry

We're honored to have been recognized as a **2019 Forbes Small Giant** and a **2019 BOMA Boston Affiliate Company of the Year** for our dedication to changing the way business is done.

With guidance by our CEO Mark Aquilano our team has grown to include over 200 employees during peak snow season—helping us make an impact for local businesses, and earning Mark a spot among the **2020 "40 Under 40"** awards by the *NH Union Leader*.

We commit ourselves to corporate responsibility by donating our time, skills, coaching, mentoring, and monetary contributions to local charitable organizations—including our *"20 Acts of Kindness in 2020"* initiative.
